

For Internal Approvers

As an Internal Approver (IA), you can review and approve / reject the IA re-assignment request(s). An IA re-assignment request is created when a Data Request owner or the CDO Team requests for you to be the new Internal Approver of a data request.

INFO

You will not be the IA of a Data Request until you have accepted the IA re-assignment request.

Notification of IA Re-assignment Requests

When there is an IA re-assignment request initiated that is pending your review, you will receive an email notification containing the Data Request IDs and the requestor of the IA re-assignment.

Within the email, there will be a link to the [IA Re-assignment tab](#) of the Approvals page, where you can review the IA re-assignment.

View IA Re-assignment Requests

1. Navigate to the [IA Re-assignment tab](#) of the Approvals page.
2. Data Requests with pending IA re-assignment requests will be displayed here.

Reject Re-assignment

Accept Re-assignment

Accept IA Re-assignment

Once accepted, you will be assigned as the new IA of the following request(s):

ID	Datasets	Approval status
GOVTECH-2026-03-017	Water Consumption	Pending Datafields Review
GOVTECH-2026-03-016	Water Consumption	Pending Datafields Review
GOVTECH-2026-03-015	Water Consumption	Pending Datafields Review

Cancel

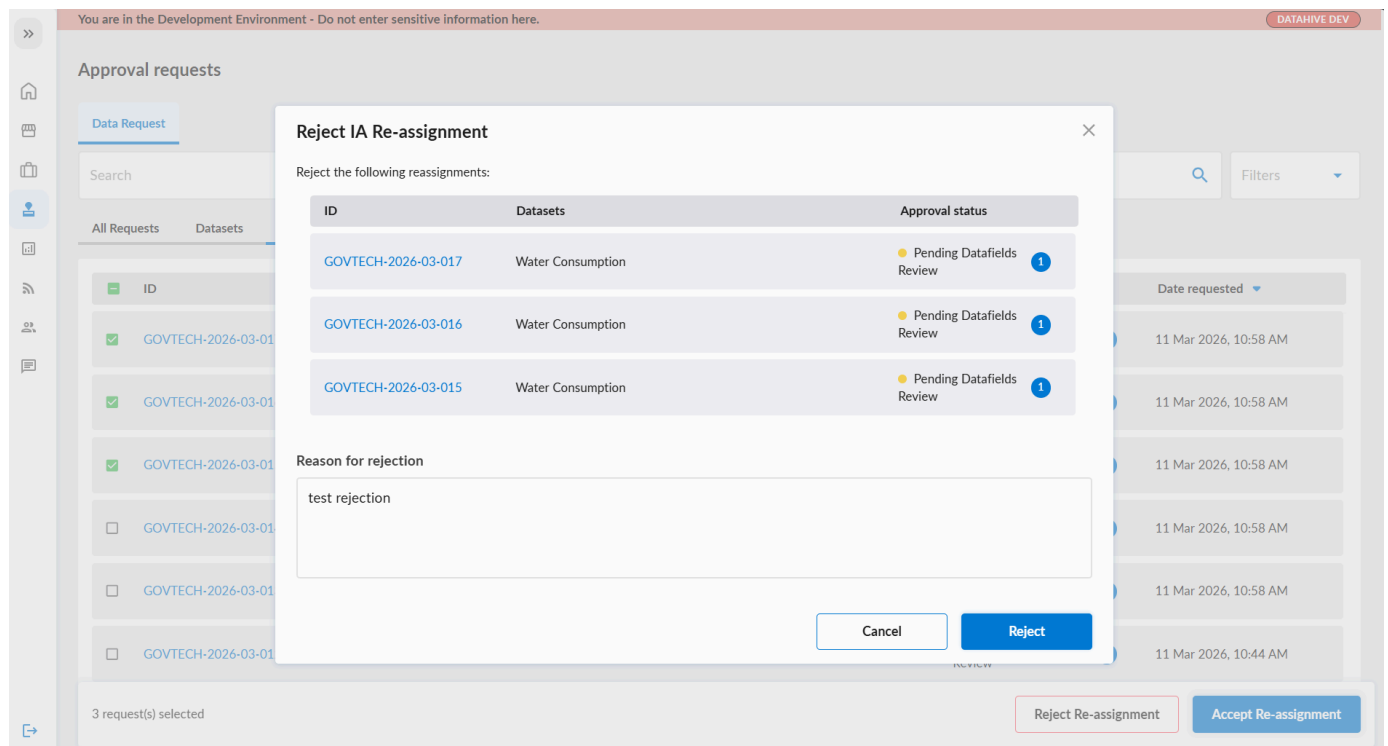

Accept

Once accepted:

- You will become the new Internal Approver for the data request.
- The previous IA will no longer have approval responsibilities for this request.
- The Data Request owner and the CDO Team will be notified of the change.

Reject IA Re-assignment

When you click **Reject Re-assignment**, you will need to provide a reason for the rejection.

! INFO

Once rejected:

- The original Internal Approver will remain assigned to the data request.
- The relevant parties that initiated the re-assignment will be notified of the rejection.

View IA Re-assignment History

You can view the history of IA re-assignments for a data request on the data request approval page.

1. Navigate to the data request detail page.

2. Click on the **Re-Assignment History** button on the right.
3. Expand the accordion (v) to view the history of IA changes.
