

Manage Internal Approver

As a CDO / CDO Team Manager, you can add / remove Internal Approvers (IA) within the CDO Team.

To begin, navigate to the CDO Team that you manage in the [Users page](#) and click on the "Internal Approvers" tab within.

Add Internal Approver

Click the "Internal Approvers" tab

Click the "+ Add Internal Approver" button at the top right to start adding IAs for your CDO Team.

! INFO

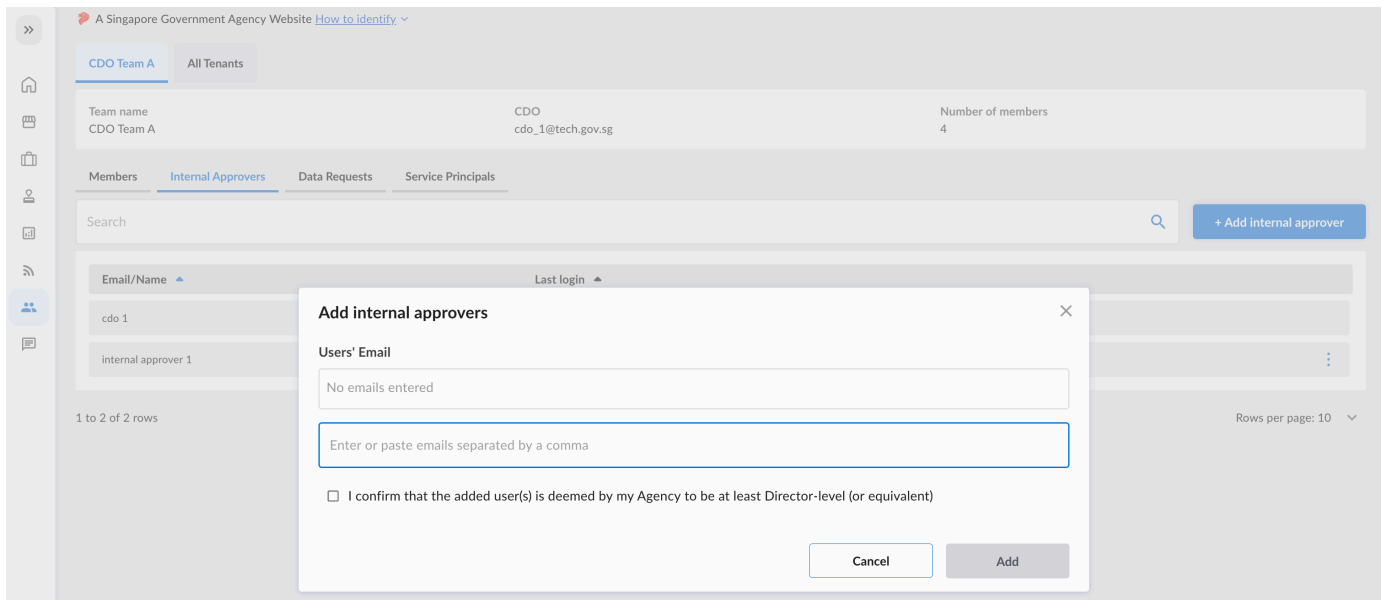

Only CDO and CDO Team Managers can add IAs for the CDO Team.

Type the emails of the users you want to add as IA in the textbox.

When you are done, confirm that the added user(s) is deemed to be at least Director-level (or equivalent), by checking the checkbox.

Click on the "Add" button to submit the changes.

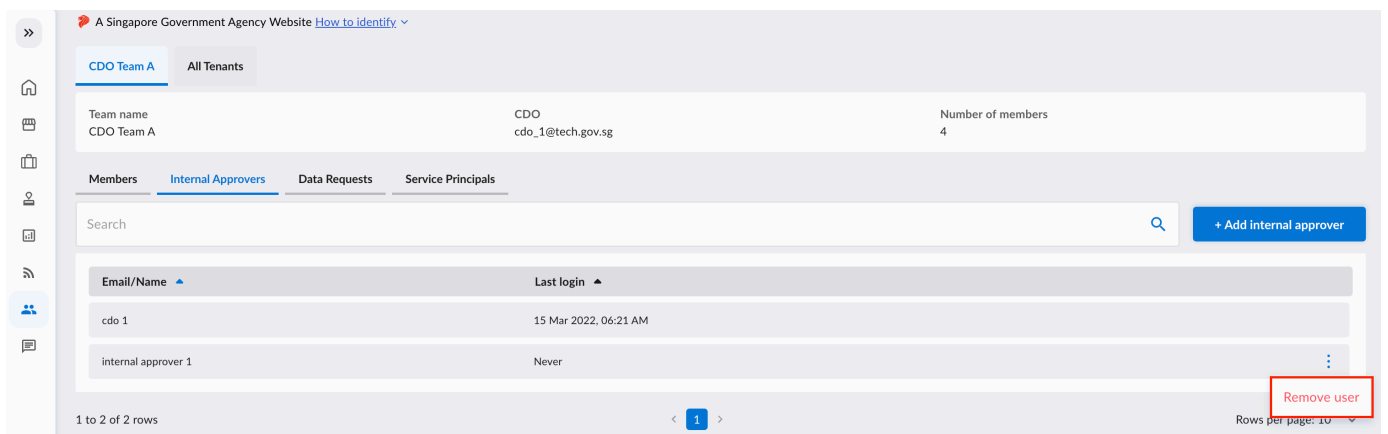

Remove Internal Approver

To remove an IA from your CDO Team, navigate to the specific IA user's row and click the ellipsis menu (:) on the right. Then, click the "Remove User" button.

! INFO

Only CDO and CDO Team Managers can remove IAs for the CDO Team, apart from themselves. CDO cannot be removed as an IA.

A popup will open, and click on the "Remove" button to confirm the removal.

Remove user

Are you sure you want to remove internal_approver_1@tech.gov.sg as internal approver from CDO team?

Remove Cancel

⚠ WARNING

Why Can't I Remove an Internal Approver?

If an Internal Approver has active Data Requests assigned to them, you will not be able to remove them as IA.

You are in the Development Environment - Do not enter sensitive information here. DATAHIVE DEV

Re-assign data request(s)

Remove user

User has 77 data request(s) assigned. All requests have to be reassigned before user can be removed as IA.

To remove the IA:

1. Re-assign all their Data Requests to another Internal Approver.
2. Wait for the new IA to accept the re-assignment requests.
3. Once all Data Requests have been transferred, you can remove the IA.

This ensures that no Data Requests are left without an eligible Internal Approver.

Selection of Internal Approver for Data Request Submission

IAs from the CDO Team can be selected to be the IA of a Data Request.

Upon selecting the CDO Team for the Data Request, the Data Requestor will see the list of IAs for the CDO Team, for their selection.

The screenshot displays the 'Data Request Details' form. On the left is a sidebar with navigation links: Purpose, Justification, Access Details, Data Requirements, Dataset(s) Scope, Prior Data Request, Additional Requirements, and Agreements. The main form area is divided into several sections: 'Team details' (personnel to be authorised for access) with a text input containing 'cdo_1@tech.gov.sg'; 'Subscription type' with 'Ad-Hoc' and 'Recurring' tabs; 'Request expiry date' set to '07/08/2025'; 'Chief Data Officer (CDO) Team' with a dropdown menu showing 'CDO Team A'; and 'Databricks' with a checkbox for 'Access to use Databricks for data analysis'. The 'Internal Approver' section is highlighted with a red box and shows a dropdown menu with the email 'cdo_1@tech.gov.sg' selected, and a list of suggestions below it: 'cdo_1@tech.gov.sg' and 'internal_approver_1@tech.gov.sg'.
