

Re-assign Internal Approver of Data Request

As a CDO or CDO Team Manager, you can re-assign Data Requests from one Internal Approver (IA) to another.

To begin, navigate to the CDO Team that you manage in the [Users page](#) and click on the "Internal Approvers" tab within.

The table below shows the various Data Request statuses, along with whether the IA can be re-assigned at each stage, and whether the new IA's approval is required for the IA re-assignment.

INFO

If the IA re-assignment requires approval from the new IA, an IA re-assignment request will be created.

The new IA will receive an email notification to log into DataHive to accept or reject the IA re-assignment request.

Data Request Status	Able to re-assign IA?	New IA's approval required?
Pending Verification		
Pending Internal Approval		
Pending Datafields Review		
Pending Data Provision		
Request Fulfilled		

Data Request Status	Able to re-assign IA?	New IA's approval required?
Pending Scopes Change Approval	✓	✓
Request Withdrawn		
Request Expired		
Expired Without Fulfilment		
Rejected		
Revoked		

CAUTION

If the IA re-assignment requires approval from the new IA, the new IA will have to accept the IA re-assignment request before the change takes effect.

Until accepted, the original IA remains responsible for the Data Request.

View Assigned Data Requests of Internal Approver

To view the Data Requests assigned to an Internal Approver, click on the Data Request count link in the IA table.

Re-assign Data Requests to Another Internal Approver

A. Re-assign in 'Assigned Data Requests' page

To re-assign specific Data Requests:

1. Navigate to the IA's **Assigned Data Requests** page.
2. Select the Data Requests you want to re-assign using the checkboxes on the left.
3. Click the **Re-assign** button in the bottom navigation bar.

Re-assignment Popup

When initiating a re-assignment, a popup will appear:

1. **Confirm / Select Data Requests:** Confirm the Data Requests to re-assign, and add any additional ones if needed.

- For Data Requests that are 'Pending IA Re-assignment', a new IA re-assignment cannot be initiated, until the pending IA re-assignment is accepted / rejected / withdrawn.

2. Choose Re-assignment Type:

- **One internal approver:** Assign all selected Data Requests to a single new IA.
- **Separate internal approvers:** Assign each Data Request to a different IA.
